ABOUT US

Welcome to Mingja Inc.

Mingja, established since 1986, is a manufacturer of lavish and durable restaurant furniture, which includes, but is not limited to, chairs, booths, and tables. We have worked with companies all over the nation. We specialize in European Beech wood products, which we import from Europe and our top of the line chairs, which we import from Italy. Our high quality tabletops, DuroLight and Sevelit, are specially imported from Germany. We also have an outdoor line for those companies with a patio area. These quality and weather-resilient outdoor products include chairs and tables, comprised of wicker and aluminum, and are imported from China.

If you are looking for unique restaurant furniture or any other commercial seating and supplies, we are the company for you! Choose from our variety of styles that can be customized to fit your restaurant setting. Don't have the creative inspiration to design your own restaurant? No problem, consult our sales and they will provide suggestions on what sort of upholstery to use—we got you covered!
